**electrolux ebony** refrigerators

## electrolux ebony refrigerators – a statement in sophistication

Dark and seductive, the Electrolux Ebony fridge collection brings to Australia the emerging design trends of sleek sophistication, recognised at Italy's Eurocucina and Milan Design Week. A striking contrast to conventional kitchen whites, the black glossy range is leading the way in style and innovation locally and internationally.

### **side-by-side refrigerator – entertainers dream**

The Ebony Side-by-Side Refrigerator is an entertainer's delight. The 500mm wide fridge space is the perfect size to accommodate food platters. Its dedicated fridge and freezer compartments have a massive storage capacity and are fitted with thoughtful storage design.

### **bottom mount refrigerator – kitchen showpiece**

The bottom mount refrigerator in striking black gloss transforms the fridge into a kitchen showpiece. The elegant square line, flat door design and stainless steel bar handles reflect the current European styling seen at Eurocucina kitchen furniture fair. The Ebony bottom mount refrigerator comes with a fully adjustable interior.

### **aim for the stars**

The Ebony range of refrigerators use R600a refrigerant and reaches a 3 star energy rating and best in class energy efficiency. It means you can feel confident your refrigerator is creating less impact on the environment.

### **total control**

Separate external temperature controls allow you to get the perfect temperature in the fridge as well as the freezer.

### **easy glide access**

No matter how full the humidity controlled crisper and freezer drawers are, easy glide telescopic runners ensures effortless access to your food.

### **The Thoughtful Design Innovator.**

Do you remember the last time you opened a gift that made you say "Oh! How did you know? That's exactly what I wanted!" That's the kind of feeling that the designers at Electrolux seek to evoke in everyone who chooses or uses one of our products. We devote time, knowledge, and a great deal of thought to anticipating and creating the kind of appliances that our customers really need and want.

This kind of thoughtful care means innovating with insight. Not design for design's sake, but design for the user's sake. For us, thoughtful design means making appliances easier to use and tasks more enjoyable to perform, freeing our customers to experience that ultimate 21st century luxury, ease of mind. Our aim is to make this ease of mind more available to more people in more parts of their everyday lives, all over the world. So when we say we're thinking of you, you know we mean just that.

The "Thinking of you" promise from Electrolux goes beyond meeting the needs of today's consumers. It also means we're committed to making appliances safe for the environment – now and for future generations.
