BENEFITS

Time Manager
Created to adapt to busy lifestyles, Time Manager puts you in control of every wash. Featuring both a variable wash time and delayed start, this convenient feature lets you select the time you want your wash to end. You can do your wash whenever it suits you. There is even an 18-minute Quick Wash for those lightly soiled items that you need washed super fast.

Woolmark Apparel Care
Taking care of your precious woollen garments is now even easier with our advanced Woolmark Certified Woollen cycle. Created especially for machine washable woollen garments, you can now safely dry your woollens without visible shrinkage.

Silent Inverter Motor
The Silent Inverter Motor ensures every wash is ultra-quiet. Not only will you never be disturbed by a noisy washer again, youll also be able to save on electricity costs by washing during off-peak times with the Extra Silent Cycle. This quiet motor is extremely durable and features an improved wash action.

Vapour Action
Vapour Action helps keep your clothes looking and feeling as good as new. This innovative 21-minute Refresh program helps revive and freshen garments without water or detergent. The cycle uses vapour to remove wrinkles and odours, so you can revitalise tired-looking clothes with ease.

Gives your clothes the superior care they need
Jetsystem gives a constant, gentle shower that massages the water and detergent through your wash

Gentle Drum
Designed to minimise the stretching of fabrics and provide a softer wash, the Gentle Drum ensures excellent wash results every time. Its smaller holes allow water to pass in and out of the drum quickly, while also helping to reduce pulling your clothes during high-speed spinning. Clothes are also lifted and rotated gently in the drum for an exceptional washing performance.

Extra-Large Door Opening
The extra-large door opening was designed to make loading and unloading your machine a breeze. With easy access to the inside drum, you will enjoy better visibility so you never miss those smaller items.
