5 Energy Stars rated

Drum Light
Extra visibility with the brilliant LED Drum Light

Add Clothes
With our Add Clothes function, you can quickly add those forgotten items. It can only be used when the water level is below the door and on programs where the water temperature is less than 60 degrees Celsius.

Save your favourite program

AutoSense
Water and wash time are adjusted in proportion to the load size ensuring exceptional care for any load, minimising energy consumption.

Jetsystem
Jetsystem gives a constant, gentle shower that massages the water and detergent through your wash

Gentle Drum
More smaller holes allow water to pass in and out of the drum quickly, while also helping to reduce pulling of your clothes during high-speed spinning.

Sports program

Everyday programs
Wash everyday with the Daily 60 minute program or use the Quick 18 minute program for small loads needed super fast.

Extra-Large Door Opening

BENEFITS

Enjoy a gentler clean with UltraMix technology
UltraMix pre-mixes water and detergent in a special chamber before the beginning of the cycle to maximise cleaning power at a lower temperature, to ensure your clothes stay newer for longer.

Vapour Refresh
Vapour Refresh quickly freshens and gently revives your garments without washing. This innovative program removes wrinkles, odours and reduces the need for ironing to give you better care for your clothes to keep them bright and stylish.

Time Manager

Created to adapt to busy lifestyles, Time Manager puts you in control of every wash. Featuring both a variable wash time and delayed start, this convenient feature lets you select the time you want your wash to end. You can do your wash whenever it suits you. There is even an 18-minute Quick Wash for those lightly soiled items that you need washed super fast.

Woolmark Apparel Care

Taking care of your precious woollen garments is now even easier with our advanced Woolmark Certified Woollen cycle. Created especially for machine washable woollen garments, you can now safely dry your woollens without shrinkage.

Whisper-quiet efficiency with EcoInverter motor

Our new generation EcoInverter motor is quiet, durable and backed by a 10-year warranty (motor parts only), for peace of mind. You'll enjoy seamless results with lower energy consumption.
